Principles of Positive Humanism
- Humanism values all human beings
- Does not discriminate
- Supports democracy & human rights
- Promotes personal and social responsibility
- Encourages a rational approach to problems
- Celebrates human achievement in science, the arts, music etc.
- Cares for individuals, society, the environment, and future generations

Humanism is relevant to all Human beings!!
Personal pledges

For Yourself
• I value myself as a human being and I will strive for new knowledge, wisdom and understanding.
• During the coming year I will aim to...

For your relationships with others
• I value others and will respect and care for them.
• During the coming year I will aim to...

For your place in society
• I value truth, justice, human rights and freedom.
• As a responsible citizen during the coming year I will...

To care for your environment
• I will take care of the local environment so during the coming year I will...
